

# CODIPRO LIFTING POINTS

**EUROPEAN QUALITY  
HIGHER WORKING LOAD LIMITS**

Codipro Lifting Points are fast becoming known globally for their innovative design and high quality. We have growing demand due to the quality of the product and prompt availability. Codipro is now stocked for immediate dispatch.

## **DONT RISK IT, CHOOSE CODIPRO**

Codipro's feature product is GRADUP lifting rings.

These Codipro GRADUP lifting rings are designed to lift heavy loads, ranging from 0.07 to 125 tons, which need to be turned or flipped. With a maximum swivel range of 360°, GRADUP rings can support the entire load in all mounting positions.
